Notice Regarding Network Issues due to Unauthorized Access (3)

Asahi Intecc's Group networks had issues that affected to certain systems such as emails, file servers and enterprise systems caused by an unauthorized access by a third party since November 10, 2020. Asahi Intecc informs that the email system has been recovered at all bases of the Group and the core business systems have almost returned to normal operations with some exceptions.

In addition, there is no indication that any customer information and important information were breached as a result of investigations by multiple external specialized agencies regarding this matter.

Asahi Intecc expresses its deepest apologies for any inconvenience this has caused to its various stakeholders.

Asahi Intecc Group has been working on information security measures on a daily basis, but in the future, it will further strengthen the measures and make company-wide efforts to prevent recurrence so that such a situation never occurs.
